Workshop Summery and Report

An Awareness Workshop on Water Conservation Under The Virtual Centre of Excellence Known As "Water For Welfare: An Uttarakhand Initiative"

Theme: "Water Conservation: A Shift From Awareness to Consciousness"

Introduction:

Department of Geography and Natural resource management organized an awareness workshop on the theme of "Water conservation: A shift from Awareness to Consciousness" at the main campus of Uttarakhand Open University, Haldwani (Nainital) on March 20, 2018. The said workshop was held under the Virtual Centre of Excellence known as "Water for Welfare: An Uttarakhand Initiative" with the support of Alternate Hydro Energy Centre (AHEC) IIT Roorkee.

This workshop was a tiny effort under the '*Water for Welfare',* an Uttarakhand Initiative∕one of the initiatives taken by the Government of Uttarakhand for the development of 11th special state i.e. Uttarakhand. The Water for Welfare is a *Virtual Centre of Excellence* in the form of a federation of state and centre governments' institutions and organizations. This centre of excellence came into existence in August 5, 2004 through an order of Government of Uttarakhand. The main aim of the centre is to leverage the huge water and hydropower potential in Uttarakhand. This aim may be achieved by realizing the potential of all stakeholders and enhancing their capacity through awareness and training with help of organizations and academic, research & training institutions across the state. By a Government of Uttarkhand Office order, issued on March 5, 2005, this centre of excellence was renamed by the 'Virtual Centre of Excellence'.

Specific objectives of the workshop:

- To create awareness for water conservation by enhancing knowledge and sharing researches.
- To create an attitude towards water conservation, management and development so that a behavioural change can be created amongst all stakeholders.
- To drive people to take part in water conservation and development activities in their environs (wetland, plain, foothill and mountainous areas).
- To provide for a platform to discuss and learn water conservation, management and development techniques and also discuss the concerns for posterity.
- To motivate people towards sustainable use of water and other natural resources through optimum utilization.
- To promote the use of water efficiently in agriculture and domestic use to enhance productivity
- Creating a network of field professionals and stakeholders for future activities.

Summary Report on Proceedings:

Introductory session: Welcome to resource persons and participants, offering bouquets, shawls and mementos to resource persons. Workshop objectives, subject covered.

Three technical sessions: lectures, followed by question-answer session.

Sharing of knowledge Session: Open discussion and sharing of experiences and knowledge.

Vote of thanks and Valedictory session:

Resource Persons: Three resource persons were present to share their valuable knowledge and experience with the participants: These resource persons are:

- **Dr.P. K Sharma; A Swachhagrahi Awardee & Associate professor (retired) of Geography, J.V Jain, PG College Saharanpur:**

  He has been doing excellent work to rejuvenate a river named Panodhoyi in the city of Saharanpur (UP). This river had become a ganda nala. But with the team efforts it has now crystal clean water. This river flows through Saharanpur city.

- **Dr.P.K.Singh; Professor, G.B. Pant University of Agriculture & Technology, Pantnagar:**
  He has been doing research in the field of irrigation technology. He expressed his views and shared his research to use drip and sprinkle irrigation techniques to increase the crop productivity while conserving water.

- **Mr. Siraj Kesar, Editor (Hindi Section); India Water portal:**

  He shared his wide experiences regarding water problems of Bundelkhand region, one of the most backward regions in India.

Participants:

- Students of all levels (enrolled in schools, UG, Masters or PhD programs).
- Faculty from any academic/research institution and organisation.
- Hydrologists, water managers, field professionals from government/government-undertaking organisations as well as NGOs.
- Farmers, social workers, media persons.

Details of Subjects Covered:

1. Impact of climate change on water resources.
2. Water-use efficiency.
3. Water management for irrigation and need to conserve water
4. River rejuvenation.
5. Water conservation and sustainable development.
6. Rain-water harvesting.

Summary of Outcomes and Way Forward:

- In some parts of India, water has become a political issue, in some social issue and a question of life and death.
- Government of India and state governments have been doing to resolve the issues related to water but situations have been aggravated year by year.
- Rivers are being polluted and contaminated year by year but due to lack of our consciousness towards rivers, our water bodies and sources are being contaminated.
- People have awareness towards water but this awareness needs to drive them to their behavioral change to really conserve water during domestic and agriculture use.
- The convener of the workshop have proposed to take this initiative further under the theme **"Water Conservation: A Shift From Awareness to Consciousness: Phase-II'** most probably next year.
- There is increased awareness of water conservation amongst most of the participants.
- All participants are now committed to conserve water and to make people in their environs aware to conserve water.
- Some participants have planned to begin a 'drive to make people aware'.

"One Week Workshop on SPSS for Social Science Data Analysis"
(2/ 2/2015 to 8/2/2015)

Uttrakhand Open University, Haldwani
By
(Directorate of Research and Innovations and School of Social Sciences)

Analysis of data is an important part of research activity. When data size is sufficiently huge manual anaysis is difficult and it consumes a lot of time. However, a number of computer software are available use of which not only makes the job easier but also consumes less time, increases accuracy and can handle a huge size of data. SPSS is such a software use by researchers for data analysis. Researchers need a firsthand experience of scope and facilities of the software and how it can be used in their research work to increase the quality of their research.

Objectives

- To help the participants to familiarize with the statistical concepts.
- To train the participants in data entry through SPSS.
- To train the participants in scale construction.
- To help the participants in descriptive and inferential analysis
.

Target Group: Research Scholars, Post Doctoral Fellows, Project Fellows, NGO workers , Teaching faculties of universities and colleges

Number of Participants: 30   **Venue**: Uttrakhand Open University, Haldwani

Registration Fee: **For Research Scholars-** Rs 600/- (Rupees Six Hundred only)

          For Faculty   Rs 1000/ (Rupees One Thousand Only)

Fee can be sent through Demand Draft in favor of Uttrakhand Open University Payable at Haldwani through any nationalized Bank.

Last date for Registration: 31st January 2015

Pedagogy: The program has been designed to make it highly interactive, which includes exercises, activities and laboratory sessions. The program will be facilitated by experienced faculties drawn from different Universities and Research centers.

Monitoring and Evaluation: Monitoring and evaluation will be done through obtaining both qualitative and quantitative feedback from participants. The feedback would be very important for providing insight and refining the objectives and methodology during the workshops.

Accommodation: The university can help those participants who need accommodation but they have to pay for it.

Coordinators –   **Dr. Rupali Joshi**   **Dr. Deepak Paliwal**
                   rupalijoshi@uou.ac.in   dpaliwal@uou.ac.in

School of CS & IT organizing Workshop on 'Community Radio Technology' from 23-26 June, 2015

Share

Uttarakhand Open University (UOU) uses novel educational programmes, various modes of communication technology and contact sessions to make distance learning more effective. The major objective of the University is to cater to the educational needs of the target groups to create skilled and knowledge based human resource for speedy upliftment and development of the State. The University aims to impart quality education by maintaining high academic standards.

The Commonwealth Educational Media Centre for Asia (CEMCA) is an international organization established by the Commonwealth of Learning (COL), Vancouver, Canada, to promote the meaningful, relevant and appropriate use of ICTs to serve the educational and training needs of Commonwealth member states of Asia. CEMCA receives diplomatic privileges and immunities in India under section 3 of the United Nations (privileges and immunities) Act, 1947. The strategic objective of CEMCA is to promote co-operation and collaboration in the use of electronic media resources for distance education.

Uttarakhand Open University, in collaboration with CEMCA, is conducting 4 days workshop from **23-26 June, 2015** on "Community Radio Technology" for all the professionals, practitioners of Community Radio at Uttarakhand Open University, Haldwani.

The objectives of the workshop are:

1. Understanding Community Radio Technology
2. CR production System and Technology
3. CR transmission System and Technology

Workshop on Community Radio Production

The University is organising a two days intensive workshop on Community Radio Production at the Haldwani campus on February 8-9, 2017. Radio experts of national repute will impart their knowledge on subject. Faculty members of the University, students of School of Journalism and Media Studies and representatives of Community Radio stations of Uttarakhand may take part in the workshop.

4 सितम्बर, 2017 को विभाग द्वारा "स्वस्थ पोषण-स्वस्थ जीवन" पर एक दिवसीय कार्यशाला का आयोजन किया गया। यह कार्यशाला इस पोषण सप्ताह में शैक्षणिक अभियान का एक हिस्सा थी। इस कार्यशाला का मुख्य उद्देश्य छात्रों, शिक्षकों तथा पोषण के क्षेत्र में व्यवसायिक रूप से कार्य कर रहे लोगों को पोषण के विभिन्न पहलुओं के बारे में आसान जानकारी प्रदान करना था ताकि वे एक स्वस्थ और सार्थक जीवन यापन कर सकें। कार्यशाला में विषय विशेषज्ञों के रूप में इंदिरा गाँधी राष्ट्रीय मुक्त विश्वविद्यालय की सतत् शिक्षा विद्याशाखा की पोषण विज्ञान की प्रोफेसर दीक्षा कपूर मुख्य वक्ता के रूप में आमंत्रित थीं। इसके अतिरिक्त कुमाऊँ विश्वविद्यालय के डी0एस0बी0 कैम्पस, नैनीताल की गृह विज्ञान विभाग की विभागाध्यक्ष प्रोफेसर लता पाण्डे तथा गुड़गाँव से आहार विशेषज्ञ प्रेरणा पाल भी उपस्थित थीं। माननीय कुलपति प्रोफेसर नागेश्वर राव ने कार्यक्रम की अध्यक्षता की। कार्यक्रम का संचालन गृह विज्ञान विभाग की अकादमिक परामर्शदाता डॉ0 प्रीति बोरा द्वारा किया गया।

प्रोफेसर दीक्षा कपूर द्वारा "दूरस्थ शिक्षा के माध्यम से पोषण संबंधी ज्ञान और पोषण जागरूकता पैदा करना" विषय पर बीज व्याख्यान दिया गया। उन्होंने बताया कि कैसे हम दूरस्थ शिक्षा द्वारा जन-जन तक आहार एवं पोषण सम्बंधी जानकारी पहुँचा सकते हैं। उन्होंने इग्नू में संचालित पोषण पाठ्यक्रमों की भी जानकारी दी। इसके अतिरिक्त उन्होंने "पोषण एवं आहार संतुलन" पर भी जानकारी दी। उन्होंने आहार में विद्यमान विभिन्न पोषक तत्वों के बारे में बताया तथा यह भी जानकारी दी कि कैसे हमें खाद्य चुनाव करना चाहिए जिससे उचित पोषण की प्राप्ति हो। प्रोफेसर दीक्षा कपूर ने पैक्ड खाद्य पदार्थों में अंकित खाद्य सम्बंधी जानकारी के महत्व के विषय में भी चर्चा की।

प्रोफेसर लता पाण्डे द्वारा "पोषण की चिकित्सीय भूमिका" पर व्याख्यान दिया गया। विभिन्न रोगों जैसे मधुमेह, हृदय रोग, अल्सर, किडनी तथा लीवर सम्बंधी रोगों आदि पर आहारीय नियोजन पर जानकारी दी गई। प्रतिभागियों को आहार नियोजन के विभिन्न चरणों तथा विभिन्न व्यक्तियों के लिए आहार नियोजन करना भी सिखाया गया। आहार विशेषज्ञ प्रेरणा पाल द्वारा "तनाव एवं खाद्य एलर्जी में पोषण" पर जानकारी दी गई। उनके द्वारा वर्तमान जीवनशैली के कारण होने वाले मानसिक तनावों के कारणों तथा इसे कम करने हेतु पोषण सम्बंधी उपायों पर महत्वपूर्ण जानकारी दी गई।

कार्यक्रम के अंत में अकादमिक परामर्शदाता श्रीमती मोनिका द्विवेदी ने कार्यक्रम की आख्या प्रस्तुत की। प्रतिभागियों द्वारा कार्यक्रम पर उनकी विशिष्ट टिप्पणियों को भी आमंत्रित किया गया। प्रतिभागियों की ओर से सुश्री चेतना जन्तवाल, अतिथि शिक्षक, गृह विज्ञान विभाग, नैनीताल द्वारा टिप्पणी की गई। सभी प्रतिभागियों को यह कार्यशाला काफी ज्ञानवर्धक लगी। गृह विज्ञान की इस एक दिवसीय कार्यशाला में कुल 40 प्रतिभागियों ने हिस्सा लिया जिसमें विश्वविद्यालय के शिक्षक भी सम्मिलित थे।

National Conference on Community Radio in India: Challenges and Possibilities of Information and Knowledge Sharing

Share

or the Research Papers:

**nal Conference on Community Radio in India: Challenges and Possibilities of Information and
wledge Sharing**

ept Note:

is facing unprecedented crisis in today's scenario with market pulls, technology driven changes and
antly falling ethics of journalism. It is either controlled by the market forces or by the governments. Parallel
, the idea of community media was promoted as a front for alternative media. The Community Radio
as community media is considered a vital tool for the democratization of information. It was also argued
he community radio stations would ensure participation of the common people and hence lead to
werment of the marginalized sections of the society.

been 12 years since the first community radio station was launched in India. Ever since, around 179
unity radio stations have been functional in the country, though, the promise was for many more such
ns. In this backdrop, it is important to analyze how participatory the community radio stations have been in
India. Community radio stations themselves have faced a number of challenges, and shortage of financial
resources hasn't been the least of those challenges. While profit isn't community radio's motive nevertheless
the means to survive and efficiently run the stations is a big concern. Most importantly, how do policies of the
state influence the basic nature of community radio, as an alternative media, is also important subject of inquiry.
While the fast paced changes in technology have posed serious challenge to the CRs movement, the future of
the community media in the current situation doesn't look very promising. At the same time, one cannot argue
to dilute the alternative media as they alone can stand up to the largely biased commercial and state media.
To discuss all these issues School of Journalism and Media Studies, Directorate of Research and Innovation
and Hello Haldwani (91.2 megahertz) at Uttarakhand Open University are jointly going to organize a two days
conference to develop the understanding on Community Radio on March 29-30, 2017.

Important Information:
National Conference on Community Radio in India: Challenges and Possibilities of Information and Knowledge
Sharing.

Important Dates:
Acceptance of Abstract in 200 words- **Last Date 20th March, 2017**
Acceptance of Full length Paper (minimum 4000 words) – **Last Date 25th March, 2017**
Conference Dates- **30-31 March, 2017**

Venue : Uttarakhand Open University, Haldwani- Nainital, Uttarakhand
(Eight best papers will be selected for the presentation and published in a book form by the university. The
researchers of the selected papers will be provided with accommodation and TA for participation in the
conference.)

Workshop on Development of Online Courses using OERs and Moodle LMS

21-23 November, 2017

Organized by

Uttarakhand Open University, Haldwani

With the support of

Commonwealth Educational Media Centre for Asia, New Delhi

Background

Teaching and Learning has changed in the 21st century. The British Open University and other Traditional Universities have developed online distance courses. Private institutions are also offering online courses. Students' world over in the coming years will be using the e - learning tools more then the printed textual material and India is not far behind. The world wide e learning industry is estimated to be worth over $48 billion.

Open Universities in the last more then 20 years have moved from print material to web based courses for delivery of instruction. With the emergence of new technologies, the universities have to move fast and keep the pace with the rest of the world.

Online Learning is mainly the transfer of skills and knowledge through computer. The content is delivered via Internet or audio/video or satellite or CDROM.

Keeping this new technological development in view, the teachers should be prepared to meet the challenges of the future. In this connection, UOU in collaboration with CEMCA is organizing three day workshop on how to create /develop online courses.

Objectives

The training objectives of this three day workshop will be to:

- Understand Open Educational Resources
- Explain and Describe the Instructional Design for Online Courses.
- Highlight some of the tools used to create online courses
- Understand the Learning Management System
- Publish the Resources for an Online Course
- Create an Online Course using Moodle.

Venue

The three day workshop will be held in the Cisco Lab of UOU.

Dates

The programme will be organized from **21-23, November, 2017**.

Participants

The training programme will accommodate faculty members from UOU and other Institutes.

Universities are entering into the launch of online courses. This type of training will help the faculty involved in designing and building online courses and also build interactivity. As this concept is a new development, this will take some time to mature and spread. The faculty should get ready now to use this technology.

Methodology

This training is awareness and Capacity Building programme to the faculty of university in developing Online Courses. The methodology used for the training will make full use of experiential learning methodologies. Accordingly the programme will use structured presentations on the new concepts. After the brief presentations, the faculty will work individually on the terminal and explore the usefulness of the new technology for their courses.

Schedule

A detailed schedule is enclosed.
